Training of Women Teachers for employment in all Middle Schools for Girls, and Preparation of a Book on Domestic Economy Adapted to the General Habits of the Country.

This Conference recommends that for placing the education of girls on a sound footing, provision be made for training women teachers on the lines indicated in the report of the sub-committee for employment in all Middle Schools for girls. The Conferance further recommends that if separate readers are edited for girls' schools, the essentials of subjects mentioned in the report be incorporated in lessons in the series, and that a book on domestic economy adapted to the general habits of the country be prepared in Kannada. .....Education and Agriculture *Department.*

SIR,

With reference to your letter No.579/Edn.25-15-9 dated 4th August 1915 forwarding for my opinion a copy of the Resolution No.4 passed at the Birthday Session of the Economic Conference held in June 1915 relating to the training of women teachers, I have the honour to state that the scheme prepared by the Committee for providing a course of practical training in Domestic Science and subsidiary subjects is an excellent one in itself, but it needs considerable modification if it is to be applied to Hindu and Mahomedan Girls' Schools. Besides as it stands it is too general term. The women-teachers under training in the Maharani's College have generally opportunities of doing the work of a housewife in the Home attached to the college, but on account of diversity of social habits and customs, considerable difficulty is experienced in making the training systematic. I am in favour of having a good book prepared on the subject, but I have not succeeded in finding a suitable writer and an attempt made last year has not been attended with much success.

I have the honour to be,

Sir,

Your most obedient servant,
